Report:

The meeting was on Friday, 31th October 2014. The venue was University of Novi Sad. Prof. Dr.-Ing. Vojislav Miltenović opened the meeting and greeted present participants.

After that, he opened discussion about writing of textbooks and issuance of joint publications in framework of IPROD project. Prof. Dr.-Ing. Vojislav Miltenović emphasized that is crucial publication Product Development and its authors are Prof. Dr.-Ing. Nenad Marjanović, Prof. Dr.-Ing. Zoran Anišić, Dr.-Ing. Aleksandar Miltenović and Dipl.-Ing. Milan Banić. Prof. Dr.-Ing. Siniša Kuzmanović said that he talked with Prof. Anišić a day before, and he was unable to attend the meeting because of his teaching obligations. He said that is the first part of publication "Basics of Product Development" (Osnove razvoja proizvoda) written by Prof. Dr.-Ing. Zoran Anišić, finished and will be presented to the other authors in order to coordinate further work on publication. Also, it is projected that publication will be finished and issued on time. Prof. Dr.-Ing. Siniša Kuzmanović said that is writing of publications "Making of constructional documentation" (Izrada konstrukcione dokumentacije), "Special mechanical elements" (Specijalni mašinski elementi) and "Industrial design" (Industrijski dizajn) in progress. Doc. Dr.-Ing. Milan Tica said that is writing of publication "Basics of solving inventor tasks theory" (Osnove teorije rješavanja pronalazačkih zadataka) and "Eco-design of product" (Eko-dizajn proizvoda) in progress and will be finished on time. After short discussion, it was agreed that UNI will design proposal of publication cover on B5 format, which will be common for all publication in framework of IPROD

project. Representatives from UNI took obligation to contact National Tempus Office in Belgrade to ask for exact rules for design and other obligations that have to be implemented in textbooks. The publication cover will be presented on project meeting, which will be organized on Mt. Jahorina in December, 2014.

Prof. Dr.-Ing. Vojislav Miltenović said that there is a problem about further financing of the project. It is necessary to use up more than 70% paid funds, because payment of II part, which is 30%. Universities from Bosnia and Herzegovina didn't finish procurement of equipment, so it is used up less than 70%. Doc. Dr.-Ing. Milan Tica informed present participants about level of equipment procurement, and said that it will be finished in next couple days. After that, request for payment of II part could be send to Brussels.

Dr.-Ing. Aleksandar Miltenović presented realized activities in framework of master study module Management of Innovation & Product Development at Faculty of Mechanical Engineering, University of Niš. He said that 26 students were enrolled at this module. Doc. Dr.-Ing. Milan Tica and Ass. Dr.-Ing. Milan Rackov are involved in teaching realization at this module and, after short discussion, it was agreed schedule and topics of their lectures.

Prof. Dr.-Ing. Vojislav Miltenović thanked present participants and concluded the meeting.
